PRACTICAL INFORMATION

1. PROGRAM CONTENT AND ORGANISATION

- The aim of the course is to provide evidence-based theoretical teaching as well as practical information about the diagnosis and treatment of hematological disorders.
- The program is mainly based on the clinical hematology curriculum.
- The course is designed as a 2-year cycle including 5 to 6 seminars per year, each covering a major theme of hematology.
- Each seminar is divided into 4-6 topics (depending on the seminar) related to the main theme. Each topic has been carefully determined according to the EHA CV Passport.
- Theorical lectures on a topic are prerecorded and available online ≥ 1 or 2 weeks before the workshops. The workshops are given LIVE in L42 (no live streaming available) on Saturday mornings from 9:00 to 13:00, with a 30-minute coffee break. All the courses' material is available on demand on the BHS website.

2. REGISTRATION

- Attendance to the seminars is free for BHS members, including trainees.
- The course is mainly designed for trainees in hematology but clinical biologists are more welcome.
- Trainees in hematology (particularly years 4, 5 or 6 of Internal Medicine) or in Clinical Biology are invited to register on line on the BHS website at the beginning of the 2-year cycle. It is allowed to start with either seminar 1 (year 1) or seminar 7 (year 2).
- Other BHS members are welcome to attend the course without previous registration.
- A fee may be requested from non-BHS members.
- In order to further improve the seminars, attendees will also be asked to complete online evaluation forms. directly after each seminar.
- How to register? Simply click on : https://eu.eventscloud.com/bhs-courses2025-2027

3. TEACHING MATERIAL

- PowerPoint presentations and recordings will be available online before each seminar. Trainees and BHSmembers are also encouraged to use the EHA Confolio, a social Network designed to interact with other hematologists and exchange scientific teaching material.

4. EVALUATION & CERTIFICATION OF TRAINEES

- An examination will take place every year in June, covering the seminars of the last 2 years. The
- examination will consist of a multiple-choice questionnaire based on the questions provided by each speaker.
- It will mainly focus on the clinical hematological knowledge
- To be eligible to register for the exam, trainees must attend at least 70% of the course sessions per year. An official certificate will be awarded to those who pass the exam with at least 60% (50% for biologists). Currently, hematology department heads may endorse the BHS exam as the official end of training exam. In the future, it may become a required qualification for special competence in hematology.

Educational Courses 2025-2027

For continuous professional development and enhancing knowledge in hematology.

www.bhs.be/education

The BHS training course and seminars have been offered for many years to individuals interested in the practice of clinical and laboratory hematology.

Over the past years, the BHS training course and seminars were a great success. Every two years, the Board of the BHS tries to adapt the BHS training program in order to:

• To provide up-to-date continuous education to clinical and laboratory hematologists in training, experienced hematologists, as well as other interested individuals.

• To match the European requirements published by the EHA as the “EHA CV passport” (https://ehaweb.org/education/european-hematology-curriculum/) and endorsed by national societies.

In this brochure, you will find the 2025–2027 program, as well as practical information on course organisation, registration, teaching material, evaluation and certification of trainees.

Looking forward to meeting you at the seminars!
Prof. Dr. Ann De Becker
BHS President

NEW: Physical workshops

Theoretical lectures on a topic are prerecorded and available online on the website ≥1-2 weeks before a physical workshop. The workshops are given in LIVE (L42-Rue de la loi 42/Wetstraat 42, 1040 Brussels) with no streaming on Saturday mornings from 09h00 till 13h00. All the courses' material is available on demand on the BHS website.

bhs@seauton-international.com www.seauton-international.com

FIRST YEAR 2025-2026

11 OCTOBER 2025 SEMINAR 1: LABORATORY HEMATOLOGY - (ONLINE)
Coordinator: Prof. An De Becker (UZ Brussel)

15 NOVEMBER 2025 SEMINAR 2: RED BLOOD CELL DISORDERS - (ONSITE)
Coordinator: Prof. Timothy Devos (UZ Leuven)

13 DECEMBER 2025 SEMINAR 3: ACUTE LEUKEMIA - (ONSITE)
Coordinator: Dr. Adrien De Voeght (CHU Liège)

24 JANUARY 2026 SEMINAR 4: SUPPORTIVE CARE & EMERGENCY CARE IN HEMATOLOGY - (ONSITE)
Coordinator: Dr. Liesbet Lammertijn (Jessa Ziekenhuis)

14 MARCH 2026 SEMINAR 5: STEM CELL THERAPY - (ONSITE)
Coordinator: Dr. Philippe Lewalle (HUB Jules Bordet)

18 APRIL 2026 SEMINAR 6: MYELODYSPLASTIC AND MYELODPROLIFERATIVE NEOPLASMS - (ONSITE)
Coordinator: Dr. Benjamin Bailly (CHU HELORA)

BHS EXAM: 06/06/2026 (COURSE SEMINARS 2025-2027)

www.bhs.be/education

SECOND YEAR 2026-2027

10 OCTOBER 2026 SEMINAR 7: NON-MALIGNANT HEMATOLOGY - (ONLNE)
Coordinator: Prof. Dr. Peter Vandenberghe (RZ Tienen)

14 NOVEMBER 2026 SEMINAR 8: HEMOSTASIS - (ONSITE)
Coordinator: Dr. Amandine Hansenne (GHdC)

23 JANUARY 2027 SEMINAR 9: INDOLENT LYMPHOMA + HODGKIN - (ONSITE)
Coordinator: Dr. Karolien Beel (ZAS)

20 FEBRUARY 2027 SEMINAR 10: AGGRESSIVE LYMPHOMA + GOOD CLINICAL PRACTICE (ONSITE)
Coordinator: Dr. Veerle Beckers (UZ Brussel)

17 APRIL 2027 SEMINAR 11: PLASMA CELL DISORDERS (ONSITE)
Coordinator: Dr. Marie-Christiane Vekemans (Cliniques Universitaires Saint-luc)

BHS EXAM: 05/06/2027 (COURSE SEMINARS 2025 - 2027)
